LIMITED DEALINGS ON THE STOCK EXCHANGE.

SUGAR ACTIVE BUT WEAK ON THE WHOLE.

Bank Statement Was Not So Favorable as in the Last Two Weeks.

REPUBLIC SPECIAL.

New York, Feb. 10.—Following the almost

Invariable custom on a Saturday before a

holiday, the dealings on the Stock Ex-

change were of the most limited character.

There was some activity in American To-

bacco and fair buying both on dividend run-

ups and on account of the fall pool in the

stock. Sugar was active within narrow

limits, but was upon the whole, weak. The

Railroad department showed comparatively

insufficient changes and the bad war news

from South Africa had very little real ef-

fect.

The bank statement was not so favorable

as in the last two weeks but the large in-

crease in bonds was reflected in the legiti-

mate expansion of trade which may be re-

marked as a fairly healthy sign. Indus-

trial items seem to point to a somewhat better

demand for money in the near future.

The South African position is, upon the

whole, not so favorable as in the last

point of view. No one expects that General

Botha will be able to relieve Ladysmith

if he can keep 300,000 Boers engaged

with the defense of the city. The position

over the Orange Free State frontier from

the south probably will be doing all he

intended to do in the campaign in the

South. It is to prevent the opening of new

like lines and will ultimately clear the pa-

tition as far as it affects stocks.
